Joint Township District Memorial Hospital added to the Aetna Medicare Network
JTDMH to provide complete coverage for all Aetna plans

ST. MARYS, Ohio (December 26, 2012) — Joint Township District Memorial Hospital (JTDMH), an affiliate of the Grand Lake Health System, and Aetna remain committed to the community by providing complete coverage for all Aetna plans.

Earlier this month, some Aetna Medicare Advantage plan members were notified that as of January 1, 2013, services provided by JTDMH would cost them more. However, there will be no change.

As of January 1, 2013, members enrolled in Aetna Medicare Advantage plans can receive covered services under their in-network level of benefits from JTDMH, its hospital-based physicians and hospital-employed ancillary physicians.

JTDMH offers complete coverage for all Aetna plans, including the Medicare plan and commercial plans.

“Joint Township District Memorial Hospital is committed to providing the highest quality of care at the lowest cost for all in the communities we serve,” said Kevin Harlan, President of Grand Lake Health System. “Continuing our relationship with Aetna allows more people in the region to use our facilities and access our network of care.”

“We’re pleased to continue working with Joint Township District Memorial Hospital to provide our members in this community with access to quality health care,” said Scot Roskelley, Aetna.
