

PCMH Perspectives

what our doctors
have to say

"Now that my patients can access their medical records online, we're able to spend less office time talking about their histories and more time talking about how to help them enjoy healthier futures."

Peter White, M.D.

Grand Lake Family Practice & Pediatrics
Celina, OH

"At the end of the day, my patients and I want the same thing: for them and their families to be as healthy and happy as possible."

Robert Gill, M.D.

Miami & Erie Family Practice & Pediatrics
Minster, OH

"The Patient-Centered Medical Home helps our team provide better continuity of care, which makes a big difference in our patients' lives."

Dawn McNaughton, M.D.

Grand Lake Primary Care at St. Marys
St. Marys, OH

"Our online patient portal makes it easy and convenient for you to keep up with your family's healthcare and to contact my office if you have any questions or concerns."

Shelden Wical, D.O.

Miami & Erie Family Practice & Pediatrics
Minster, OH

what if?

Your healthcare
revolved around you.

At Grand Lake
Health System,
it does.

Grand Lake
HEALTH SYSTEM

You and your doctor are always on the same page.

One support team for all of your healthcare needs.

PCMH is healthcare the way it should be.

We are the first in the region to adopt the Patient-Centered Medical Home (PCMH) — a patient-focused model of healthcare delivery that puts you and your doctor in control of your health and wellness. This means we're more than just the people you turn to when you're sick. We are your partners for a lifetime of healthcare services that keep you well. From newborn babies to great-grandparents, we're using technology, a proactive approach, and person-first medicine to make healthcare — and your life — better.

Stay in the loop of your parents' healthcare.

Access your medical records anytime from any place.
