Pain Management Clinic: Patient Information Sheet

OFFICE HOURS:

- Office hours are from **8:00 am to 4:30** pm Monday through Thursday. CLOSED ON FRIDAYS
- **Pain Management's phones are sent to voice mail from 12:00pm until 1:00pm for our lunch hour and stop taking calls after 4:00pm, Monday through Thursday.**
- On the days that staff are with patients you may need to leave a message. PLEASE do not leave multiple messages. Please clearly state your name and date of birth, question and a working number we may reach you at. We will get back with you by the end of the day or the next business day.

APPOINTMENT EXPECTATIONS: **Appt. Date:** _____ **Time:** _____

- You **must** give a 24-hour advance notice for cancellations.
- If you do not show for your appointment **3 times without notice**, you will be discharged from the practice.
- Current MRI's, X-rays, Cat Scans and any other testing done pertaining to the condition we are treating you for. If you have had them done at JTDMH, you do not need to bring films.
- Most often, a patient comes to us because they have exhausted all other treatment alternatives. Treatment for the condition depends upon what is causing the patient's pain. In some cases, there is structural damage that cannot be reversed by these treatments.
- In such cases where the patients have failed all other treatment modalities, the goal is to reduce the pain and improve the quality of life.
- You must bring a current Insurance Card and Valid Photo ID to all appointments.
- When you arrive, a nurse will take a very thorough history. You will then be examined by the physician after he has reviewed your test results and history. He will discuss his findings with you, then recommend and explain treatment procedures.
- We attempt to run on schedule as much as possible, but there are multiple reasons why we could possibly run behind: Some patients have very complex pain pathologies and require more time. **Every patient, including you, is given the time necessary for understanding his or her pain pathology, treatment methods, and long-term goals.**

PRESCRIPTIONS AND RENEWALS:

- All prescriptions and authorizations for renewals must be requested during normal office hours.

- **Prescription requests may be left on the voicemail. Clearly state the following information: your name, date of birth, medication needed to be refilled, pharmacy and a working number to contact you at. Please plan accordingly for these requests and renewals, as many of our prescriptions cannot be called into a pharmacy and need to be picked up at our office.**

- **Our Providers are not here daily. We need at least 7 business days before your prescriptions need refilled to make sure you do not run out of your medications.**
  Please call our prescription line at 419-394-9520 Monday through Thursday before 3:00 pm.

FINANCIAL POLICY & BILLING: **PLEASE READ:**

- **New Day Pain Management Center is an Outpatient Specialty Clinic. Pain management is partially owned by Joint Township District Memorial Hospital, so there will be a separate bill for the hospital, which includes a facility charge, Anesthesia charges, and any supplies and/or pharmacy charges.**

- **You will receive TWO separate bills for services received. One will be for services provided by the physicians/provider; the other is for services provided by the JTDMH.**

- It is impossible to determine the full cost of the treatment before your examination. Only after reviewing the diagnostic studies, detailed history, and the physical exam can the doctor determine the treatment appropriate for your condition. The procedures we do are relatively expensive due to many factors such as deciphering the particular pain process, the time required to perform the exam and procedure, the technical skills required, and the amount of risk involved.

- PRECISION PRACTICE MANAGEMENT is the physician's professional billing company, which will only bill you for the physician's services. Please contact PPM via phone **1-(866) 776-8150** for any questions or concerns with your *professional* bill. For billing issues for **JTDMH,** contact patient accounts 419-394-3387 extension 8023.

- **PLEASE NOTE:** It is **your** responsibility to check your individual insurance policy regarding the physician's participation and JTDMH in your plan and payment policies prior to your initial appointment. All unpaid balances by your insurance company will be billed to you. You may contact Precision Practice Management and JTDMH to set up payment plans.

- **We are a participating group with Medicare Plan B; we accept the amount allowed by Medicare.**

Notice of Privacy Practices

The enclosed Notice of Privacy Practices applies to services received by patients in the pain management department at Joint Township District Memorial Hospital, which is operated under a contractual relationship with Joint Township District Memorial Hospital New Day Pain Management, LLC and Pain Management Group, LLC. These entities may share protected health information with each other as necessary to carry out treatment, payment or health care operations in the pain management department.
